Objective

A passionate UI/UX designer with a background in graphic design and frontend development. I enjoy turning ideas into clean, intuitive designs that actually make sense to use, I work well in teams and love being part of a creative process from start to finish.

Education

Bina Nusantara University
Bachelor's Degree in Computer Science
2024 - Now

Vocational High School Pustek Serpong
Multimedia Major
2021 - 2024

Work Experience

UI/UX Designer Internship (2022-2023)

PT Ako Media Asia (SALT)

Designed user-friendly interfaces and prototypes for clients using Figma, Adobe Photoshop, and Illustrator.

High School Yearbook Design Freelance (2022)

Commissions

Freelanced as a designer for a high school yearbook, creating visually engaging layouts and graphics that reflected the school's spirit and achievements.
